To benefit

Where people get better at life™

Because of your support Prospect Center is able to provide much needed programs and services, and utilize innovative technology and equipment, which helps members of our community achieve new levels of independence. You will help us to shatter barriers, and redefine what is possible for individuals with disabilities in the Tri-County Area (Warren, Washington and Saratoga Counties). Together, we envision a brighter, more inclusive future for these individuals and, with Prospect Center's help, we are actively creating that future with each new day.

Prospect Center services include:

Adult Services, Education, Family Support,
Medical and Therapy Services
